How much money can be applied for?

Childminders may apply for 90% of the cost of items that are approved for funding up to a maximum of €1,000. E.g. if items cost €1,111 you may receive a grant of €1,000; If items cost €555 you may receive a grant of €500. Kildare CCC suggests that no more than 33% of the grant should be spent on consumable items e.g. paint, play sand, art & craft materials etc. The grant is paid to the childminder retrospectively for receipted items purchased i.e. when the application is approved, items can then be purchased and the receipts for the purchased items are to be sent to Kildare CCC for reimbursement.

Childminders who commit to operate for 2 years are eligible to apply for the maximum grant of €1,000; 1 year's commitment is required for funding up to €500.

Due to a limited budget available to Kildare CCC, there is no guarantee that childminders will be approved for any/all items in their application.
